Announcement

The increasing expectations of our capabilities is a sign of trust from our customers. At the same time they demand constant changes in our strategy and requirements.

We are happy to inform you that the company ADELSYSTEM and Huegli Tech will be jointly present on the market as a partner (authorized partner).

All ADELSYSTEM products are now available through the Huegli Tech network.

The company ADELSYSTEM was founded in 1991. Develops and manufactures industrial linear and switched power supplies and is recognized as one of the world's leading manufacturers of industrial power supplies, DC UPS, and smart battery chargers.

For any questions or inquiries do not hesitate and contact our sales team.
